TITLE	Union Catalog 1973 Supplement: Special Education Instructional Materials Center Network.
INSTITUTION	North Carolina State Dept. of Public Instruction, Raleigh. Div. for Exceptional Children.
PUB DATE	Sep 73
NOTE	187p.
EDRS PRICE	MF-$0.65 HC-$6.58
DESCRIPTORS	*Annotated Bibliographies; *Exceptional Child Education; Handicapped Children; Instructional Materials; *Instructional Materials Centers; Regional Programs; *Textbooks
IDENTIFIERS	*North Carolina

ABSTRACT

Listed are approximately 650 professional textbooks or instructional materials, which constitute a supplement to a prior listing, represent holdings through May, 1973 and are available to clients from the three Special Education Instructional Materials Centers in North Carolina. Client status is said to be available to anyone concerned with the status of exceptional children and is obtainable by completing the library card application form. Directions for borrowing an item are given. Listings usually include call number, title, annotation, source, copyright date, and price. Items are listed by professional textbooks under 24 handicapping conditions such as mentally handicapped or visually handicapped, and by instructional materials under 16 subject categories, such as phonics, art and music, or personal hygiene. Also provided are publishers addresses. (For the earlier listing, see EC 051 124). (MC)

Dear Mrs. Lewis:

051 124

Inclosed is a review copy of our catalog supplement.

Since the original catalog is listed in the July issue of Research in Education and also in Exceptional Child Education Abstracts, you may wish to consider including this update.

Sincerely,

Mark Sumner

FORWARD

This Union Catalog Supplement represents the continuing commitment of the North Carolina Instructional Materials Center Network to the improvement of instruction in classes for exceptional children.

We hope this publication will help you in your search for professional books and instructional materials appropriate for achieving relevant educational objectives in the classroom.

Inclusion of an item does not necessarily imply special recommendation by the network. Exclusion of an item from this list is not intended as a reflection on the quality of the item, but merely represents our limitations for purchasing and cataloging.

We will do our best to keep this list up-to-date with periodic distribution of supplements.

A. Craig Phillips, Superintendent
North Carolina Department of Public Instruction

Theodore R. Drain

Theodore R. Drain, Director
Division for Exceptional Children

September, 1973

INTRODUCTION

HOLDINGS in this list include all books and materials which were catalogued through May 31, 1973. Inclusion of a title does not necessarily imply special recommendation by the Center. Copies of the materials listed here are available at the Center for examination or for loan to clients. Materials listed on gold paper are available at the Eastern North Carolina SEIMC, Grifton Elementary School, Box 294, Grifton, N.C. 28530; on white paper, at the Central North Carolina SEIMC, Division for Exceptional Children, State Department of Public Instruction, Raleigh, N.C. 27602; and on blue paper, at the Western North Carolina SEIMC, 102 Old Clyde Road, Canton, N.C. 28716.

APPLICATION FOR NCSEIMC CLIENT STATUS AND LIBRARY CARD may be made by completing the library card application form. Client status is available to anyone concerned with the education of exceptional children.

A REQUEST for an item in our collection should include the library call number. It is possible, however, to request an item by completing the "Request Form for Instructional Materials" or by asking for a material by name.

THE ITEM and a brief annotation are included in the center column.

PRICE, publisher, and copyright date are included in the right hand column. Prices are subject to change; they are listed here only to give an approximate idea of cost. When the date or price is not known, the abbreviations NDA (no date available) or NPA (no price available) are added.

NAMES AND ADDRESSES OF PUBLISHERS are included at the end of this list. Addresses of publishers not included on this list may be found by consulting publishers catalogs or contacting the SEIMC.

65-01-34-0705	Hoffman. Geography Series. This series leads children to understand the philosophy that geography is a science relationship between two kinds of facts: those describing the earth on which man lives and those describing man's relationship to earth. Grades 3 and 4. Titles: Life Near and Far; Life in Different Lands	Steck-Vaughn 1965 NPA
65-01-88-0212	Weeks. Blacks in Time. This book covers black history from the new world up to the end of the Civil War. They show the black man role in U. S. history. Reading level 4-5.	New Readers Press 1969 $1.25
65-01-88-1301	Watson. Martin Luther King. This bibiography contains photograph from King's life plus quotes from his speeches. The reading level is grade 4-5.	New Readers Press 1968 $.85
65-01-88-1915	Wagner. Social Studies Games and Activities. The purpose of this book is to provide teachers with a reservoir of practical and attention getting devices that will fit naturally into the planning and development of any social studies unit currently being taught. The activities, games, and experiences are chosen to reinforce the already established social studies curriculum.	Teachers Publishing 1971 $2.50
65-01-88-2305	Watson. We Honor Them, Vols. I and II. These books feature short stories of American Negro heroes who have made a significant contributions to American history in the last 100 years. Volume I reading level 3-4 and volume II reading level 4-5.	New Readers Press 1969 $.50
65-08-80-1315	Manning. A Modified History of the United States. This workbook is designed to teach student the basic fundamentals of our country.	Ardelle Manning 1974 $3.25
65-10-40-0503	Johnson. Ecolab. This program has been designed, in order to provide the teacher with an open-ended inquiry approach to use with children in an out-of-school study of the environment.	Benefic Press 1971 $33.30
65-30-77-0815	Holiday Adventures of the Lollipop Dragon. This kit provides new holiday stories for pre-school or primary children. It consist of six filmstrips, three records, and six teacher's guide.	SVE NDA $57.50

66-01-16-2119	Davidson. Using the Cuisenaire Rods. This manual is designed to show teachers how cuisenaire rods are used to model the different operations of arithmetic and other mathematical concepts. It provides suggestions for using the rods to teach arithmetic concepts within the framework of whatever curriculum the teacher is following.	Cuisenaire 1969 $6.95
66-01-28-1516	Genise. Opening Doors in Mathematics, Book 1 Part A. This is the 1st book in this primary math program. It is meant to be combined with book 1 part B for 1st grade. It is based upon the authors practical classroom experience with cuisenaire rods and other manipulative material over the last decade. The program includes extensive use of cuisenaire rods, number lines, product cards, and worksheets.	Cuisenaire 1971 $2.50
66-01-31-1405	Gundlach. The New Laidlaw Mathematics Program. This program is a completely new second generation modern mathematics program. Emphasis is placed on understanding and mastery of computational skills, as well as on the development of newer concepts of modern mathematics.	Laidlaw 1968 NPA
66-01-37-0118	Arithmetic for Everyday. This book is designed as supplementary material to be used with local curriculum guides and commercially produce textbook. It follows the 1st four books in the arithmetic series produce by the IMDC (number readiness, beginning number experiences, numbers, and arithmetic experiences). It includes a review of simple addition and subtraction and introduce carrying, borrowing, recognition of coins, measurements, and column addition.	IMDC NDA NPA
66-01-37-0205	Beginning Number Experiences. This is the second book in the arithmetic series produced by the IMDC. It includes supplementary, language experiences designed for use with a basic arithmetic approach to the concepts of the nos. 1-10.	IMDC NDA NPA
66-01-41-0409	Judith. Discovering Truth in Numbers. This series is for K-grade 4. Its method is a conceptual approach to mathematics through algebra, rather than the traditional approach through counting. It begins with freeplay, directed activities, and spatial relationships and so on through union of sets, multiples and fractions.	Cuisenaire 1965 $1.25

Call Number	Item	Source
66-01-75-0519	Sobel. Essentials of Mathematics, Skills and Concepts. This series is designed for the student who is below grade level in mathematical and reading abilities. For grades 7, 8 and 9.	Ginn 1971 NPA
66-01-81-1301	Trivett. Mathematical Awareness. This program is designed to help teachers who are introducing mathematics with the help of cuisenaire rods. The program begins with a period of free play during which students can become familiar with the rods. Children are encouraged to differentiate between sizes and color. They are introduce to sets, addition, multiplication, subtraction and division.	Cuisenaire 1963 $1.95
66-01-88-0118	Wagner. Arithmetic Games and Activities (Strengthening Arithmetic Skills with Instructional Aids). This book contains instructional as well as commercial games that develop specific arithmetic skills. The games are indexed according to title and activity.	Teachers Publishing 1964 $2.50
66-02-16-1920	Davidson. Student Activity Cards for Cuisenaire Rods. These activity cards are divided into ten groups of topics with simple instruction on each card. They may be used from grades 1-5 to reinforce understanding of addition, subtraction, multiplication and division.	Cuisenaire NDA $9.95
66-02-37-0312	Clock Worksheets. Each laminated sheet contains 4 clocks without hand and may be used for teaching time.	IMDC 1971 NPA
66-02-37-0904	Number Vocabulary Cards. The number vocabulary cards are designed to promote sight vocabulary of number word. Each card contains the arabic numeral, number word, and illustration for the given number from one to twenty-five. To be used in regular classes from kindergarten through second grade.	Ideal 1969 $1.50
66-02-37-1421	Number Disks. This set of consecutive numbers may be hung on a hundred board or calendar board to teach counting, number recognition etc.	IMDC 1971 NPA
66-02-37-1518	Oral Thermometer. The oral thermometers are designed with movable mercury indicator and laminated that may be marked on with a grease pencil.	IMDC 1971 NPA

Call Number	Item	Source
66-02-51-1905	Self-Teaching Flash Cards. These self-teaching flash cards are designed to aid the student in the mastery of the basic facts. They have been designed for students in grades 2-6.	Milton Bradley 1962 $1.40
66-02-51-2005	Tell-Time Quizmo. Quizmo stimulates interest in telling time for grades 1 through 4. Tell time quizmo is played like bingo.	Milton Bradley 1957 $3.25
66-02-73-0923	I Win. This playing card game provides practice in basic facts. In each I win deck, there are 25 phrase cards printed in black and 25 answer cards printed in red, 1 key card and 1 rule card.	Scott Foresman 1971 $6.75
66-08-06-2008	Bartoo. Three-Track Program. This program in elementary arithmetic is designed to meet the needs, abilities, and learning rate of all students. For grades 3, 4, 5, and 6.	Acadia Press 1963 NPA
66-08-13-2119	Cockerille. Useful Arithmetic Series. This series contains four basic workbooks: Number Concepts, U. S. Money, Time, and Measurement. Each book has levels 1, 2, 3. The series provides arithemtic experiences planned and paced for slow-learning pupils.	Continental Press 1959 NPA
66-08-33-0815	Hilsheimer. How Many? A New Math Primer. This workbook is based on information in child psychology and the dynamics of perception. The books are useful in programs with gifted young children (3 to 5), as a basic primer (5 to 8) and as a specialized text for older children.	Humanitas Curriculum NDA $1.80
66-08-37-1301	Math Book. This series of 6 workbooks is designed to provide practice in the four basic operation for junior and senior high EMR students. This traditional approach includes work with sales tax, percent, fractions, etc.	IMDC 1971 NPA
66-08-37-1325	My Number Book. This workbook contains readiness activities with numbers 1-10.. It provides for practical application and exercises.	IMDC 1971 NPA
66-08-37-1421	Number Readiness. This workbook is designed to provide basic concepts of quantitative relationships and is to be used after activities with concrete objects.	IMDC 1971 NPA

Call Number	Item	Source
66-08-37-1421	Numbers. This workbook includes a review of number concepts 1-10, and introduces both addition and subtraction on this level.	IMDC 1971 NPA
66-08-42-1911	Kaplan. Skill in Basic Mathematics, with Write and See. This mathematic series is designed to meet the needs of the average or below-average student of mathematics by eliminating student deficiencies in computation. The five workbooks deal with the following subject areas: (A) Fundamental Operations (B) Understanding Fractions (C) Using Fractions (D) Understanding Decimals (E) Decimals, Percents, and Ratios.	New Century 1969 NPA
66-08-46-0118	Lennes. Arithmetic Readiness. Arithmetic readiness part I will help develop number concepts and ability to use number facts in solving everyday problems. Part II was chosen because of its relation to real life.	Laidlaw 1971
66-08-46-1205	Lennes. The Lennes Essentials of Arithmetic. These workbooks are designed to help children in grades 3, 4, and 5 with arithmetic problems.	Laidlaw 1964 $.96
66-08-72-1601	Ryder. Pacemaker Arithmetic Readiness Program. The Pacemaker Arithmetic Readiness Program is designed to help EMR children become visually, physically, and kinesthetically aware of basic shapes (circle, square, triangle) and learn basic quantitative concepts and vocabulary knowledge that normal children have usually acquired before they enter the primary grades.	Fearon 1971 $38.00
66-08-73-0118	Arithmetic Experiences. These workbooks include a review of addition and subtraction as presented (with pictures) in numbers. Arithmetic experiences also includes a large section introducing money.	IMDC 1972 NPA
66-08-88-0519	Weaver. Essential Modern Mathematics. The essential modern mathematics books provide a program in which the scope, sequence, and organization of the content meet the mathematical needs, social interest and general learning abilities of individual students. For grades 3 through 6.	Ginn 1970 NPA
66-08-88-2301	Warp's Arithmetic Review Workbooks. This series consists of four review worktexts. The materials are written in such a way that they may be used individually. Titles: Arithmetic Around Us Going Forward in Arithmetic Making Progress in Arithmetic Using Arithmetic in Everyday Life	Warp Publishing 1966 NPA

Call Number	Item	Source
66-10-37-1114	Know 'n' Show Beginning Math. The purpose of this kit is to give each child practice in five mathematical areas: recognizing numerals and symbols, learning to count, adding and subtracting and place value.	Instructo 1967 $6.95
66-10-45-1315	Kunz. Modern Mathematics Made Meaningful. This study kit consists of cuisenaire rods, step-by-step activity cards, and a guide book. The rods can be used in average classroom grades 1-4, and also with the blind, deaf, mentally retarded, gifted and emotionally disturbed children. It helps to further an understanding of the "new math" in which the emphasis is on the discovery method of teaching.	Cuisenaire 1970 $12.50
66-10-77-1920	Stern. Structural Arithmetic. This kit provides the teacher and pupil with a step-by-step program from kindergarten through grade 3. The kit attempts to teach the child a foundation for understanding arithmetic, how to write numbers, how to deal with number facts in addition, subtraction, multiplication, division and fractions stressing oral and written computation.	Houghton-Mifflin 1965 Prices vary according to grade levels
66-10-79-0104	Thoburn. Addition and Subtraction. The colorfax materials in this kit are designed to help children memorize and use the basic addition and subtraction facts. They may be used as an instructional aid or as a supplement to any basic math series.	Macmillan 1970 $42.00
RD-66-22-11-1909	Caddy. The 6 Wonderful Records of Facts. These records are designed to challenge children to clinch the memorization of the facts, by adopting more mature methods of arriving at their answer. The records may be used to diagnose and motivate children that are in grade 1-4 and up.	John D. Caddy 1960 $6.60
66-30-16-0321	Davidson. Cuisenaire Classroom Kit. This is a classroom kit containing cuisenaire rods, geo-boards and a teacher's manual for the use of these items for the incorporation with a math program.	Cuisenaire 1969 $59.50
66-30-20-0201	Edson. Basic Elementary Mathematics. This developmental mathematics series promotes mastery of the fundamentals basic to success in basic mathematics programs. Each recording helps children learn four to eight complete, single-concept lessons. Titles: Easier Facts; Harder Facts; Combination number Facts; Measurement; Writing Numerals; Multiplying by Tens and Hundreds; Rounding Numbers; Estimating; Problem Solving; Renaming Percents and Fractions.	Educational Activities 1971 $6.95

Call Number	Item	Source
66-30-22-2005	Telling Time. The telling time audio-tutorial program consists of 4 15-minute lessons that teach a child the necessary key concepts and skills. The materials are complete teaching units utilizing audio instruction and manipulative materials.	Encyclopedia Britannica 1970 $22.25
66-30-40-0118	Jones. Arithmetic Practice Program. The purpose of this kit is to increase arithmetic efficiency, review basic arithmetic and to improve attention, concentration, retention and perceptive accuracy. The series of 36 Tachist-o-filmstrips is divided into three sets: addition and subtraction, multiplication and division.	Learning Through Seeing 1965 $149.50
66-30-77-2015	Touch to Learn. This kit is designed for ages 4-8. It's fun and educational. It consist of the following cassettes: Learning to identify numbers; to count; to add to 10; to subtract to 10; to tell time; to count money.	Systematic Learning 1970 NPA
66-61-03-0517	Allen. Equations: the Game of Creative Mathematics. The equations games are designed to provide a stimulating and entertaining occasion for learning some of the elementary operation of mathematics-addition, subtraction, multiplication, division, exponentiation, and root.	WFF 'N Proof 1969 NPA
66-61-03-1514	Allen. On-Sets the Game of Set Theory. On-sets is a game that teaches some of the basic ideas of set theory. On-sets can instruct students in kindergarten through high school.	WFF 'N Proof 1969 NPA
66-61-03-1805	Allen. The Real Numbers Game. This is a five-game kit, handy and easy-to-play, that prepares beginners for playing Equations. Equipment comes clipped on a ball-point pen and ready for play.	WFF 'N Proof 1966 NPA
66-61-03-2306	Allen. WFF 'N Proof: the Game of Modern Logic. A 21-game kit that teaches prepositional logic and develops habits of careful reasoning. The beginning games, which can be played by 6 year olds, teach WFF's expressions that are in mathematical logic similar to what sentences are in English. The remaining games deal with rules of inference, logical proofs, and the nature of formal systems.	WFF 'N Proof 1962 NPA

Call Number	Item	Source
66-61-18-0315	Dorwart. Configurations: Number Puzzles and Patterns for All Ages. This is a series of ingenious geometric and mathematical problems that will delight and challenge those who enjoy careful reasoning. Suitable for junior and senior high school levels.	WFF 'N Proof 1967 NPA
66-61-33-2018	Hicks. Tri-Nim: the Game for Compleat Strategyst. Tri-nim is a game experience in exploring the mathematical strategic implications of nim-like games.	WFF 'N Proof NDA NPA
66-61-37-1321	Multi. Multi is a bingo type game played by covering the square as it is called. Each cards are included for each multiplication table with 2 review cards.	IMDC 1971 NPA
66-61-50-1421	Number Blocs. These boxes of number blocs help teaches children to match forms, recognize numerals construct number sentences and large numbers.	Mead Educational Services NDA $3.60
66-61-72-2001	Ruderman. Tac-Tickle: a Challenging Game of Pure Strategy. This is a game of pure strategy. It has been used to stimulate thinking of retarded youths as well as a practice aid in computer programming by sophisticated students of mathematics.	WFF 'N Proof 1967 NPA
66-61-75-1301	Spooner. Mathfacts Games. A chest of five self-instructional, self-checking games that deal with the learning of basic addition and subtraction number facts. They're designed to provide small group drill with basic number facts but may also be played solitaire by the individual student. For grades 1-3.	Milton Bradley 1970 $3.00
66-65-37-2008	Thermometer and Ruler. This instructional aid has a thermometer on one side and a ruler on the other.	IMDC 1971 NPA
66-65-37-2023	Two Faced Clock Dial. The ideal two faced clock dial was designed to allow the teacher to teach and drill on one clock dial. On one side is a plain clock dial on the other a colorful presentation to teach the telling of time.	Ideal NDA $2.35

Call Number	Item	Source
66-65-46-1905	Larson. Sensorithmetic. Sensorithmetic presents arithmetic concepts as a sensory experience so that abstract concepts may be grasped through concrete manipulation of physical materials. The program includes addition, subtraction, multiplication and division.	DLM NDA NPA
66-65-51-0321	Cubical Counting Blocks. These counting blocks can be used as a complement to the classroom counting frame for work with groups and quantities. Flexibility permits additional uses in constructing number staircases, number pictures and comparing measurements of length, width and height.	Milton Bradley 1964 $5.25
66-65-81-2018	Tri-Tix Ball Abacus. The Tri-Tix ball abacus was designed to serve as a visual aid in teaching mathematics. The abacus demonstrates the base ten number system.	Tri-Tix NDA $2.50

67 SCIENCE

Call Number	Item	Source
67-01-87-0524	Victor. Experiential Science Program. This program is designed to introduce simple basic science concepts to children just starting their formal education. It is planned to develop such process skills as observing, describing, comparing and classifying.	Benefic Press 1971 $16.00
67-01-88-1903	Wagner. Science Games and Activities. This book contain science games and activities for primary and intermediate and junior high students. The games and activities are indexed by topic and title.	Teachers Publishing 1967 $3.50
67-01-90-0909	Wong. IIS: Biology-Ideas and Investigations in Science. This program is for slow, disadvantaged students. It is activity oriented: students learn through laboratory experiences. Biology focuses on injury, evolution, genetics, homeostasis, and ecology. It encompasses a one year course in biology. It contains 5 ideas and investigations books, lab data book and teacher's manual.	Prentice Hall 1971 NPA
67-01-90-0909	Wong. IIS: Physical Science-Ideas and Investigation in Science. This program is for slow disadvantaged students. It is activity oriented: students learn through laboratory experiences. Physical science focuses on predicting, matter, energy, interaction, technology. It encompasses a one year course in physical science. It contains five ideas and investigation books, lab data book and teacher's manual.	Prentice Hall 1971 NPA
67-08-37-0114	Animals. This workbook provides a supplement to units involving animal studies and provides a picture approach to vocabulary concerning animals.	IMDC 1971 NPA
67-62-70-0114	Rogan. Animal Puzzles. The eight animal puzzles are cut to separate different parts of the animal bodies. They may be used to build body concept.	DLM NDA $4.50
67-62-70-1321	Rogan. Multi-Ethnic Children Puzzles. This collection of puzzles is designed to provide familiarity with different ethnic and racial background.	DLM NDA $4.50
